Healing Services

October 17

An order for healing will be incorporated into our Holy Communion services on Sunday, October 17. This day was chosen as it is near St. Luke's Day which is celebrated Oct. 18. Paul called Luke, the writer of the gospel of Luke and of the book of Acts, the "beloved physician." After the lessons and sermon in the Oct. 17 services, a time of prayer will include an invitation to come forward for the laying on of hands. Jesus' ministry involved healing of body, mind and spirit – oftentimes the words "healing" and "salvation" were interchangeable for Jesus. You are invited to consider what is in need of healing in your life – a physical ailment, an emotional trauma, an addiction, a broken relationship – whatever it might be, and to join in prayer and the laying on of hands. Guest preacher will be the Rev. Karen Hanson, chaplain at Fairview Red Wing Health Services.

Reformation Sunday

October 31

The reformation began on October 31, 1517 when Martin Luther nailed the 95 Theses to the doors of the Castle Church in Wittenberg, Germany. We will observe this day with festive worship, choirs, bells, and trumpet fanfare.

Everyday Disciples Serve

by Pastor Steve Timm

In the month of October, our "Everyday Disciples" focus is on serving others. Unless you live in a cave as a recluse somewhere, encountering other people is a daily event. You can't escape it, and while not everybody enjoys big crowds (myself included!), we are wired for social interaction with other people. Psychology and theology agree on this point – it is not good for the human being to be alone.

The thing with other people, however, is that they usually have needs of their own. The rest of the world doesn't exist just in order to serve your needs! Even Jesus himself, who was present and active in the creation of the entire world, says that he didn't come into the world to be served himself but to serve others. If you are going to be a disciple, if you are going to follow Jesus and show your love for him, there is a 100% chance that he will ask you to follow his example of serving other people.

Martin Luther once said, *"The love of God flows from faith, and from love flows a free, willing, and joyful life of freely given service to our neighbor"*. The good Dr. Luther knew what he was talking about! Love, by God's definition, seeks the well-being of others, is patient and kind with them, and seeks to meet their needs. Love by definition is directed toward the welfare of other people. If you

know that God loves you, Luther argues, it isn't that you *should* love and serve other people; it's that you just plain *will* love and serve other people.

The first step is to recognize the needs that people have. Sometimes that's a challenge in a culture where many of us view our needs as weaknesses, we hide them, and we are taught never to complain. So it might look like everybody around you has it altogether, that the world's needy people are 'out there' somewhere, but not really in your sphere of influence. None of that is true, of course, and all of us have needs that are hidden under the thin veneer of self-sufficiency that we show to the world.

So, recognizing other people's needs is step one. Is it a need for food and clothing? A need for a job? A need for respect? A need for friendship? A need for someone to trust? A need to be set free by the Gospel news of Jesus forgiving their sins? What are the needs you recognize around you?

Then, step two is to ask which of those

needs that God has given you the ability to meet. Can I help a person halfway around the world to get a good meal? In fact, yes I can, thanks to groups like Feed My Starving Children. Can I be a good listener to a person halfway around the world when they need to get something off their chest? No way, but maybe I can help meet the financial needs of another person who can. No one of us can meet all the needs out there – not even Jesus himself healed every person that he met. But God has given you the ability to meet some of those needs out there, and his self-sacrificing love creates an echoing love within each of us that wants to serve other people just like Jesus did.

*"For the Son of Man
came not to be served
but to serve, and to give his life
as a ransom for many"*

Parish Nurse Ministry

Don't Skimp on Oral Health

It may contribute to Heart Disease

by Verna Fricke, Parish Nurse

We all want to prevent heart disease. The usual recommendations for prevention of cardiovascular disease are to lose weight if overweight, eat a healthy variety of foods, exercise regularly and don't smoke. There is one more that may surprise you. Research shows a correlation between gum disease and heart disease because infection can travel from the mouth to the heart muscle. Who would have thought that brushing your teeth and flossing regularly might help prevent heart disease?

Some people are genetically more prone to gum disease, but everyone can be vigilant in keeping their mouths healthy. Healthy gums are pink, firm and elastic. Conditions of the mouth that may be related to heart disease include:

Gingivitis: bacteria builds up around gaps between gums and teeth and causes mild symptoms of redness, swelling and sometimes bleeding.

Periodontitis: advanced gum disease where infection goes deeper. Toxins from bacteria are released that cause pockets to form

between teeth and gums. Eventually this can cause damage to the bone that supports teeth. Gums recede from the teeth and bleeding is common.

Cavities, abscesses, missing teeth: mouth problems that can lead to inflammation and possible heart disease.

Some medication can cause dry mouth that can lead to gum disease. Illnesses like diabetes or arthritis can also affect the immune system causing gum problems. These need to be discussed with the doctor and dentist to find a solution.

Prevention is the key. Brush your teeth twice a day and floss at least once a day. Brushing should be in a circular motion. Back and forth brushing can actually cause damage to the gums. Flossing also needs to be done properly to be effective. At your next visit check with the hygienist or dentist to be sure that your technique is correct. Visits for cleaning and checkups should be at least every six months. Anyone with existing gum problems will need more frequent cleaning. Caring for your teeth and gums takes little time when you consider the benefit it may give your heart.

For more tips on preventing dental disease and protecting your smile, visit our website at www.unitedlutheranchurch.com and click on the Parish Nurse page. I will have weekly updates for you!

Sunday School

Sunday School is off to a great start! Thank you to everyone who has offered their time to either be a workshop leader or shepherd. I am still in need of both, though. If you are able to help in either area, please let me know ASAP.

The theme for this year's Sunday School is Miracles. Preschool thru grade 4 started their year off with the story of Noah's Ark. They have learned the story through video, science, Bible games, and art. They are also focusing on one of the 4 Keys of Cross Training through puppets. They are also making puppets to keep at Church for the year and will be performing their own shows.

There will be no Sunday School on **October 24th**, due to the MEA weekend. We will start again October 31st with a new story... Jonah and the Big Fish.

Middle School Youth, grades 5-7, are also getting on their way. They are learning a new curriculum that is very age appropriate, and deals with things in their everyday life. Their first lesson deals with the question, "You're not my friend, what if someone is different from me?" After that they will be discussing other questions around this topic. Some of the other questions are, "What if someone is weird?"; "What if someone hates me?"; and "What if someone needs something from me?"

I am still in need of teachers for this grade level. I am looking for at least a two-month commitment. For more information, contact Jennie Bungum at jbungum@unitedlutheranchurch.com or call 651-388-3583.

Habitat for Humanity Work Day

September 18th was Red Wing Habitat for Humanity work day. Several ULC members volunteered their time and talents to help build this special home for LaVergne Dickerson and her 6 children.

The project is called *Thrivent Builds A Home*, because 55% of the costs are paid by *Thrivent* for Lutherans. Goodhue County's Habitat for Humanity applied for the project and was selected by *Thrivent*. Included as a part of each project, the home owner must also put in at least 200 hours of sweat equity on the home before they can move in. This is the 26th home GCHFH has built. Groups, churches and organizations work on the site on Wed evenings and on Saturdays. We hope the family will be moving in before Thanksgiving.

A delicious lunch, snacks and beverages were provided by Florence Bremer, MaryAnn Ferrian, Diane Nordgaard, Laura Johnson, Annette Duncan, Iris Nelson, Joyce Koerner, Lynne Rigg, Georgia Gielau, Leah Schnaith and Elaine Eng.

Volunteers that worked on this project, Saturday, included: Dan and Dee Bender, Ken Dicke, Marv Dyrstad, Jim Eng, Don and Joe Fricke, Joyce and Chris Koerner, Tom Schooley, and Cody Wiberg.
