Registration Day is January 1, 2019.

Call Juli at 380-9905 for information and registration materials.

Scholarships are available.

Here's what parents have said about Adventures in Learning Preschool:

“Juli has the wonderful ability to adapt to each child and work with them on the skills necessary to enhance their preschool experience and prepare them for kindergarten. This is all done in a caring and fun atmosphere which my children have enjoyed and they look forward to learning.”

“She is so kind and loving. It is a remarkable and positive introduction to school for my children. My kids have loved attending and look forward to every preschool day. They come home animated about all of the wonderful things they did that day. Juli is an energetic and creative teacher. Adventures in Learning is top notch.”

“Juli is an incredibly kind person and genuinely touches the lives of the children and promotes their learning and self-development every day.”

“She takes time to get to know each child individually and treat them with respect. She shows excitement for her job”

“We highly recommend Juli to other families. She is kind, patient, and understanding.”

Adventures in Learning
Preschool

Philosophy

In this preschool program, your child will have the opportunity to have time to explore, question, investigate and learn about themselves and the world around them. Students learn best by having fun and using their whole body and senses. Through music, art, literature, gross motor, fine motor and small group activities, the children will have different types of opportunities to gain many skills. These skills will help them become more confident, and creative while growing socially, spiritually, emotionally, physically and intellectually. When students are challenged in a safe and encouraging environment they develop a love of learning and are able to reach their highest potential.

Distinctions

- Mrs. Cota will visit each student in the summer to help with the transition into preschool even before Open House
- Small class sizes of 8-10 students allows curriculum to be adapted to meet the children's individual needs
- STEM/STEAM learning activities and materials throughout the day
- Special family events such as Dad's Pumpkin Night, Family Christmas Festival and Mother's Day Luncheon
- Monthly field trips to enhance learning
- Gross Motor skills are gained in our fenced in outdoor play area and indoor gym
- Many parental volunteer opportunities due to the belief that parents and teachers are partners in their child's education
- Teacher has a Masters Degree in Education
- Use of the church's library and cooking in the kitchen
- Dramatic play area and toys change monthly

Daily Schedule

- Sign-in and free play
- Calendar/circle time
